2. IN THE END IT IS ABOUT NEW MONEY BRIDGED FROM OLD MONEY BECAUSE HIGH QUALITY IS FREE WHEN THE GAP IS AVOIDED FIRST THING FIRST RIGHT THE FIRST TIME (FTFRTFT)

There are hundreds of ways to say this within the grassroots. Just talk because the grassroots are impacted by the powerful decision makers not even attempting to solve a societal problem with direct investment in our age 0-6 most at risk citizens.

YET! Business time and again has trusted direct avoidance of weakness (gap), critical chains, bottleneck constraints, science of constraints management and throughput/cost control improvement to continuously improve everywhere. Positive Expectations believes saving money and innovating with the attitude that demonstrated past resources can adequately bridge any operation to future innovation.

ATTITUDE MAKES THE DIFFERENCE
